
2026 Undergraduate Research Opportunities/ Undergraduate Student Research Award (URO/USRA): Supervisor Form

The URO/USRA program offers students a meaningful opportunity to participate directly in scholarly, research and creative (SRC) activities and to benefit from working directly with a faculty mentor.

In most cases, applications will be adjudicated in the supervisor's faculty, allocated on a competitive basis, and premised on the recognition of student success and potential as a future researcher.

Please ensure that you have read the URO/USRA program guidelines before submitting an application.

The student and their proposed supervisor must complete and submit this form by the deadline set by your faculty.

Supervisor Full Name

Supervisor TMU Email Address

Supervisor Department/School

Supervisor Faculty

Research Project Title

The Research Project's subject matter aligns with the following agency's mandate:

Natural Sciences and Engineering Research Council of Canada (NSERC)

Social Sciences and Humanities Research Council (SSHRC)

Canadian Institutes of Health Research (CIHR)

Research Project Summary Description

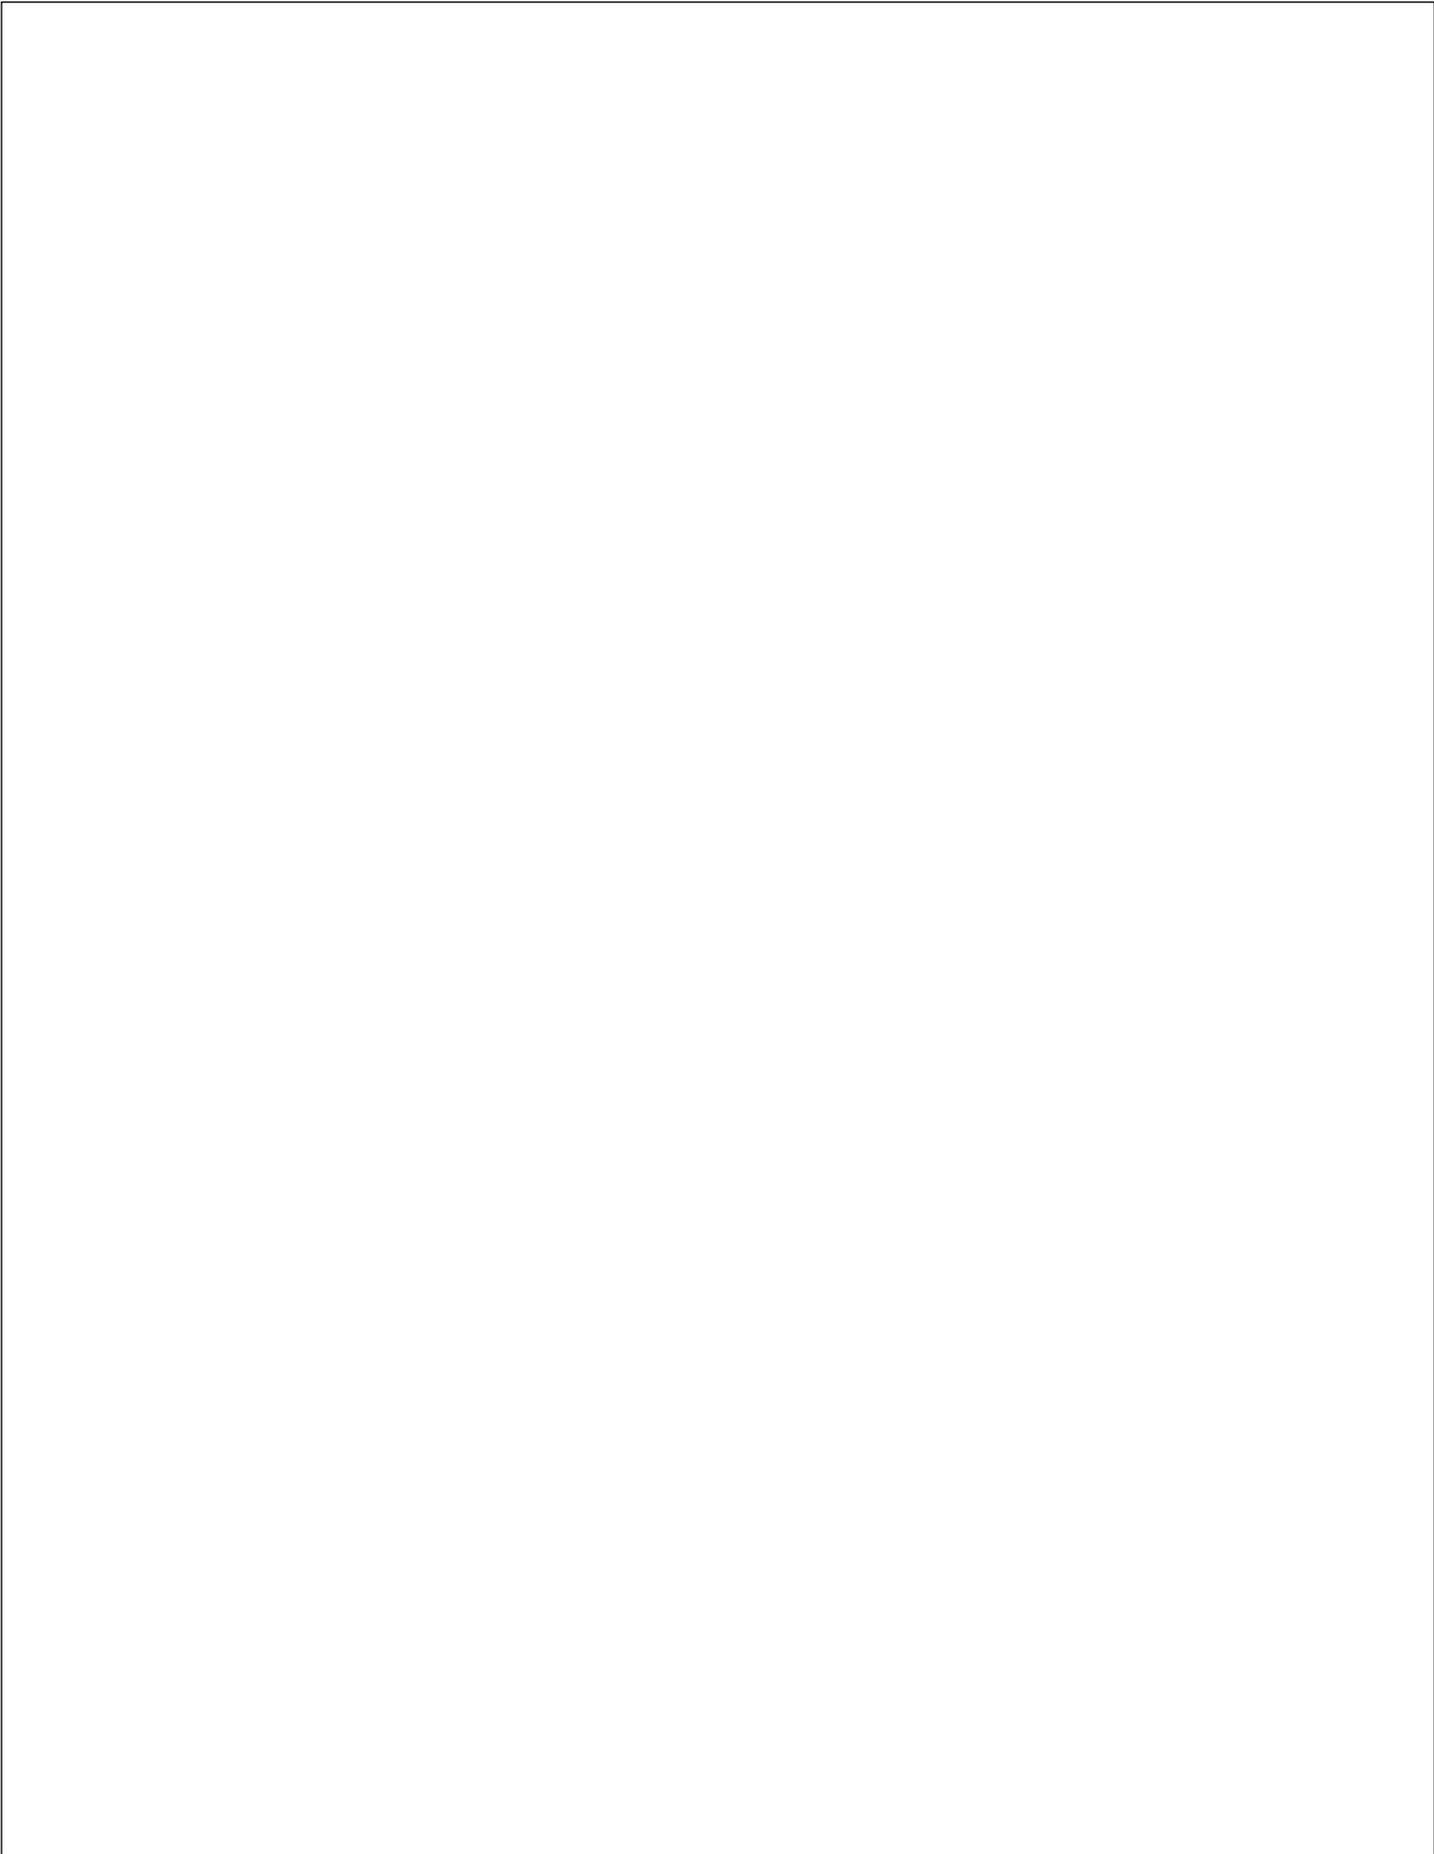

Maximum one page (approximately 500 words).

[Empty box for content]

Proposed Research Assistant Position Duties

Maximum one page (approximately 500 words).

[Empty box for content]

Research Experience Offered

Maximum one page (approximately 500 words). Include specific research skills being developed, opportunities for mentorship and examples of enhanced academic/career opportunities (e.g., preparation for graduate school, conference presentations, liaison with community or industry, etc.).

Out-of-Faculty Rationale (where applicable)

If the student is applying to work with a supervisor who does not reside in the student's home faculty, the supervisor should provide the rationale below (approximately 300 words).

Please confirm that the program guidelines have been reviewed with the student and will be followed:

Yes, we have reviewed and will follow the URO program guidelines if applicable.

Yes, we have reviewed and will follow the USRA program guidelines if applicable.

To be considered for the USRA program, both statements below need to be confirmed:

If my student is selected for a USRA, I understand that the student and I will need to complete and submit Form 202 in the NSERC Portal by April 17, 2026.

If my student is selected for a USRA, I understand as their supervisor, I will need to provide top-up funds (minimum of \$3,918 for a 14-week term - \$5,334 for a 16-week term) in addition to the \$6,000 that will be provided by the Agency.
