CV8100: Directed Studies in Civil Engineering
Course Approval Form

Student Name		Student ID	
Program		Supervising Professor	
Current Term		Year	

All Civil Engineering gradaute studets who take CV8100 for credit must have this form filled, approved with all required signatures and submitted to the Graduate Program Administrator before the LAST DATE to add a class for the term. CV8100 provides possibilities to pursure directed studies on a research topic, which is not offered in a formal "in-class" basis, under the supervision of a faculty member (nomally the student's thesis supervisor; but can also be any other faculty member who is a member of the Civil Engineering graduate program). This course normally involves the preparation of a major research paper.
