

REQUEST TO CHANGE PROGRAM OPTIONS

A student may use this form to request to change from one Master of Science in Computer Science program option to another. Please refer to the Computer Science program curriculum in the Yeates School of Graduate Studies' Academic Calendar for degree requirements. A student's degree requirements, time to completion and funding may be impacted by changing program options.

This form must be completed by the student and then signed by the student and supervisor(s) before being submitted to the Program Administrator. **The student must also attach an updated and signed Plan of Study form.** Incomplete submissions will not be processed.
