

Hari Suthan

Chief Strategic Growth
and Policy Officer,
Opus One Solutions

Hari is the Chief Strategic Growth and Policy Officer for Opus One, with over 20 years of experience in operations, marketing, government and management consulting. Prior to joining Opus One, Hari was the CEO of eCAMION Inc, a community energy storage company, and Vice Chair of Energy Storage Ontario.

Prior to that, Hari was a Vice President with GE Canada's National Executive team where he drove growth in Canada by seeking out market opportunities across GE platforms and larger infrastructure projects.

Additionally, he served in senior roles within both Provincial and Federal governments in Canada – including member of the Government Transition Team for the current Premier of Ontario.

Hari is also a veteran of the Canadian Navy. He is on the board of Centre for Urban Energy at Ryerson University and been on the Boards of Distributed Energy Association of Canada, McGill University, and Rouge Valley Health System.
