-----

1- In the case where there is a Co-Supervisor, only one signature is required

2- Any minor revisions ranging from typographical errors to specified insertions or deletions that do not radically modify the development/argument of the paper shall be clearly specified in writing and the student's Supervisor shall ensure that they are made. When the Supervisor confirms that the changes have been made, the examination requirement has been met.

3- Detailed reasons for referring the paper for major revision ranging from rewriting a large part of a chapter to including additional work will be supplied in writing by the Chair of the Examining Committee to all members of the Examining Committee, the Program Director and the candidate within one week following the oral examination. The Examining Committee must give final approval to the major revisions by reconvening the examination or by consultation.

4- Detailed reasons for the decision will be supplied in writing by the Chair of the Examining Committee to all members of the Examining Committee, the Program Director, and the candidate within one week following the oral examination.
