

# WHMIS Safety Data Sheets (SDS)

## Scan the QR code to access Chemwatch

All products classified as “hazardous” are accompanied by a Safety Data Sheet (SDS). TMU’s SDS database, Chemwatch, can be accessed using any device on the university’s network or VPN.

**Note:** Be sure to click “full” above the search bar.

## Understanding WHMIS Symbols

Explosive/  
reactivity hazard

Flammables/  
fire hazard

Oxidizer

Gases under  
pressure

Corrosive

Acute toxicity

Irritant

Health hazard

Environmental  
hazard

Biohazardous/infectious  
materials
