

Application Form for Promotion to Professor / Professor Pay Scale

APPLICATION IS MADE TO THE DEAN

FORM AND DOSSIER SUBMISSION DEADLINE: **SEPTEMBER 30**

Criteria for Promotion

"Promotion or salary transfer of faculty members should be based on their performance in the three broad areas of Teaching, SRC, and Service and Other Professional Activities.

Promotion to the rank of Professor recognizes a significant record of sustained and productive achievement in SRC and teaching, together with satisfactory performance in service.

Emphasis at promotion is normally placed on SRC activities, including evidence of significant contribution of SRC activities, at the national or international level, acknowledging the often inextricable relationship between SRC and teaching activities.

In certain cases, an outstanding teaching or service record may be given greater emphasis, accompanied by a continuing and long-standing record of satisfactory or better performance in the other areas. A Member may request external assessors address this aspect of their record pursuant to the process under 5A.13.E.2.". (Article 5A/B.13.C of the 2020-2023 RFA Collective Agreement)

The provisions of Article 5A/B.13 of the Ryerson Faculty Association Collective Agreement govern the process for promotion to the rank of Professor. **Before** submitting your application, please read [Article 5A/B.13](#) in full, available on the [Faculty Affairs](#) website.
