Does your research involve the use of human participants?

No

Yes – I understand that REB approval is required and must be obtained before data collection may begin.

If the research involves the use of human participants, please read the Policy on Research Involving Human Subjects at <http://www.ryerson.ca/ors>. A Research Ethics Board (REB) report must be provided to the program director and put on file with the MRP proposal.

Please attach your MRP research proposal (5-7 pages single spaced plus bibliography).
