II. Context and Approach for 2026-27

Overview

- We present Toronto Metropolitan University's 2026-27 proposed budget in the context of continued revenue constraints and an evolving context for higher education:
 - Modest tuition fee increases after years of reduced and frozen fees
 - Recently announced provincial operating grant funding increase
 - Ongoing efforts to enhance efficiency
 - International recruitment challenges related to framework for study visas
 - Cost inflation
- Our objective is to implement a balanced budget while supporting the university's core mission of teaching and research

Key Drivers of the Operating Budget

Enrolment:

- Plan for domestic intake similar to current year
- International intake projected to remain low due to visa caps/processing delays

Government Grants:

- System caps funding of domestic enrolments
- Increased funding expected from province in the coming year
- Strategic Mandate Agreement – performance metrics linked to funding

Government Fee Policy:

- Beginning in 2026-27, modest increases in tuition fees allowed, although not expected to keep pace with ongoing cost inflation
- Fees for international enrolment and cost recovery programs are unregulated

Compensation:

- Salary and benefits inflationary costs per collective agreements

Enrolment: Highlights for 2026-27

- Continued, proactive enrolment management to ensure timely conversion of applicant pool
- Two new undergraduate programs to begin in Fall 2026: BSc Cyber Science and BScN Advanced Entry Nursing

International:

- Intake projected to increase from 2025-26 but overall international enrolment to decrease
- Winter intake continues to help mitigate delays in visa processing
- Toronto Metropolitan University International College (TMUIC): partnership with Navitas had 275 students enrolled in Fall 2025

Tuition Fees

- Updated Ontario fee framework: domestic tuition fees allowed to increase by 2% per year for three years beginning in 2026-27, and the lower of 2% or the rate of inflation after that.
- TMU proposes to implement a 2% increase in tuition fees for Ontario students for 2026-27 in line with the provincial guidelines.
- In 2019-20, a decrease of 10% to domestic tuition fees in comparison to 2018-19 levels was implemented, followed by six years of frozen fees while costs continued to increase due to inflation.
- TMU remains committed to access and proposes to increase the amount of funding allocated to student financial support in the 2026-27 university budget.

Provincial Government Funding

- In February, the Province announced significant changes to operating funding for colleges and universities:
 1. Increase in the number of funded enrolment spaces – some of which have already occurred but are not yet funded, as well as future growth
 2. Increase the level of per-student funding
 3. Augment support for northern and smaller institutions, and French language supports
- Per-student funding had been frozen for several years and TMU faced a large gap between its domestic enrolment and funded spaces until 2025-26, placing a significant financial pressure on the institution and making long-term investments challenging.

Strategic Mandate Agreement (SMA)

2025-26: Annual Evaluation

- 25% of operating grant funding (approx. \$63.9M) is tied to performance on eight SMA metrics.
- Funding is spread across the metrics. Any funding loss associated with shortfall from a target is limited to a maximum of 5% of the funding associated with that particular metric.
- TMU exceeded 2025-26 performance requirements on all eight SMA metrics.

2026-27: Next Steps

- Targets for Year 2 of the SMA (2026-27) have been set by the Ministry of Colleges, Universities, Research Excellence and Security (MCURES).
- MCURES will revise Strategic Mandate Agreements with all institutions in 2026 to incorporate new funding and enrolment levels.

Continued Phase-In of School of Medicine

- Highest number of applications in the province for second consecutive year: 6,015 applications for 94 undergraduate seats in Fall 2026
- TMU is the only Canadian medical school to fill all post-graduate seats (residents) in first round of matching for the second consecutive year
- More than half of post-graduate positions are in Family Medicine and Family Medicine Enhanced Skills, helping to address Ontario's family doctor shortage
- School of Medicine is supported by incremental, targeted funding from the Ministry of Health and MCURES
- Revenues and expenses are excluded from the operating budget and reported separately in Schedule 3 until steady state is reached

Strategic Priorities

- Continued commitment to wellbeing and safety of our campus community, including students, faculty and staff
- Program quality and an excellent learning experience for students
- Development of the university's digital strategy, to be finalized this year
- Investments in our campus: facilities, maintenance, security, sustainability initiatives
- International student support and recruitment
- Investments to support efficiencies and revenue generation

Proposed Budget Strategy for 2026-27

- Plan domestic and international intake within context of funded domestic enrolment caps and international student visa application caps
- Prioritize academic mission: students; teaching and learning; scholarly, research and creative activities
- Continue to focus on efficiencies including implementation of recommendations from third-party Efficiency and Accountability Review:
 - Constraint on non-salary expenses
 - Lease repatriation
 - Streamlining of administrative processes and functions
 - Exploration of opportunities to generate revenue
 - Student Success Ecosystem Review

1. Fee Change Highlights

Tuition Fees - Domestic Students	Fee changes are set in compliance with the tuition fee framework established by the Ministry of Colleges, Universities, Research Excellence and Security. For undergraduate and graduate programs, most fees will increase by 2% for domestic students from within Ontario and 5% for those from outside Ontario as per government policy. Increases in graduate Business programs are higher as a result of the government's analysis of sector-wide tuition and its identification of fees that are significantly below the provincial average.
Tuition Fees - International Students	International fees are not subject to the government's fee policy. Undergraduate fees will increase by 5% for all programs. Graduate fees will increase by 3 to 5% for master's programs. No increase will be applied to doctoral program fees or professional master's diploma programs.
Compulsory Non-Tuition Related Fees	CPI: Any applicable fees have been increased by the Annualized Toronto CPI to two decimal places - 1.82% according to Statistics Canada. Canadian Federation of Students (CFS) fees: The CFS fees will no longer be bundled with the TMSU, TMGSU and TMAPS student union fees but will be assessed separately on student accounts. This has been initiated at the request of the student unions. The CFS amount has been revised to the per-semester rate as noted in the fee letters provided by CFS. Lincoln Alexander Law Students' Society: A referendum on the creation of a fee to support the operation of the Lincoln Alexander Law Students' Society was held from October 16, 2025 to November 14, 2025. The referendum was successful and a sufficient number of students agreed to the creation of a fee in the amount of \$140.00 per academic year (Fall and Winter terms), to be paid by all students enrolled in the Juris Doctor (JD) degree program in the Lincoln Alexander School of Law, commencing in the Fall 2026 term, and indexed annually to the Toronto Consumer Price Index (CPI).
Department Lab/Ancillary Fees	New Co-op Programs: Arts and Contemporary Studies, Cyber Science, Environment and Urban Sustainability, Professional Communication, and Urban and Regional Planning. New Fee for Student Materials: Media and Design Innovation, Advanced Entry Nursing Program, Nutrition, Theatre school and Urban Regional Planning. New Fee for other costs: UGME SoM for student materials, field trip and association fees and Social Work for placement costs. Fee increase for internship programs due to escalating costs: Aerospace Engineering, Biomedical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Industrial Engineering, Mechanical Engineering, and Mechatronics Engineering. Fee increases due to escalating costs: Interior Design for student materials, Nutrition Communications for placement services and Urban Regional Planning for field trip and student materials. Fee removed: various Continuing Education fees as courses are no longer offered and Nutrition fee is no longer required.
Service Fees	No changes.
Residence Fees	All residence rent fees to increase by 2% over 2025-26. New tenant insurance fee of \$91.80, with an opt-out option for students with existing coverage.
Meal Plan	Meal plan rates to increase by 4.5% over 2025-26. On a per diem basis, the meal plan works out to \$31.41/day, increasing from \$29.92/day. Increase in food admin fee from \$50 to \$80. No change for flex plan and One Card fees.

² Tenant insurance is a new fee for 26-27. Proposed agreement with Marsh Insurance, that includes an opt-out for those with existing coverage. Cost is \$85 + 8% Prov HST per residence student.

³ Meal plan was revamped in 18-19 as an "all you can eat" one rate meal plan with additional retail location flexibility, refer to University website for further details.

⁴ Pitman apartment tenants may opt for a minimum mandatory meal plan

⁵ Price differential between 2 and 4 bedrooms reflects the inclusion of kitchens in the 2 bedrooms allowing residents to choose the 5 vs 7 day meal plan.
