Key words:

"Key Words" that identify at a glance what subjects your paper addresses. If you could pick 3 to 5 singles words or BRIEF phrases to tell a reader what your MRP covers, what would they be? Here are 2 examples:

1. An article on charitable giving among the foreign-born in Canada, used the key words: charitable giving; immigrants; Canada; philanthropy.

2. An article on Immigrant youth employment in Canadian cities, used the key words: Immigrants; employment; youths; ethnicity; metropolitan areas.
