

Progress Indicators and Related Statistics

NOVEMBER 2019

Table of Contents

Introduction	v
Table A: Progress Indicators and Strategic Priorities	vi
Indicator 1: Applications and Entering Averages	1
Indicator 1a: Ratio of applications (all choices) to registrants	2
Indicator 1b: Mean entering average of newly-admitted students registered in first-year level on 1 November who were admitted directly from an Ontario secondary school	3
Indicator 1c: Percentage of newly-admitted students registered in first-year level on 1 November who were admitted directly from an Ontario secondary school with an entering average of 80% or higher	4
Related Statistics for Indicator 1:		
Headcount	5
Percentage share of headcount	6
Percentage from Ontario secondary schools	7
Percentage from other universities	8
Percentage from Colleges of Applied Arts and Technology (CAATs)	9
Percentage female	10
Percentage male	11
Percentage from City of Toronto	12
Percentage from Greater Toronto Area (GTA)	13
Percentage from other Ontario municipalities (outside GTA)	14
Percentage from other provinces (outside Ontario)	15
Percentage paying international fees	16
Indicator 2: Enrolment in Part-time Programs and Continuing Education	17
Indicator 2a: Fiscal full-time equivalent enrolment (FFTE) in part-time programs; Annual growth rates for fiscal full-time equivalent enrolment (FFTE) in part-time programs	18
Related Statistics for Indicator 2a:		
Headcount	19
Percentage share of headcount	19
Percentage female	20
Percentage male	20
Percentage from City of Toronto	21
Percentage from Greater Toronto Area (GTA)	21
Percentage from other Ontario municipalities	22
Percentage from other provinces	22
Percentage paying international fees	23
Indicator 2b: Registrations in Chang School credit and non-credit courses	24
Annual growth rates for registrations in Chang School credit and non-credit courses	24
Headcount enrolment in Chang School credit courses only by term	24
Fiscal full-time equivalent enrolment (FFTE) in Chang School credit courses only by term	24
Related Statistics for Indicator 2b:		
Gender balance in Chang School credit courses	24
Indicator 3: Graduate Employment Rates	25

Indicator 3:	Percentage of degree graduates employed in a field closely or somewhat related to field of studies; Percentage of degree graduates employed in any field (from 2006 to 2016)	26
Indicator 4: Experiential Learning	36
Indicator 4a:	Percentage of programs with formal experiential component (from 2009/10 to 20 18/19)	37
Indicator 4b:	Percentage of students participating in formal experiential activities [calculation deferred]	
Related Statistic for Indicator 4:	Percentage of programs that provide opportunity for international experience, and number of students participating in international activities in a given year [calculation deferred]	
Indicator 5: Retention and Graduation Rates	47
Indicator 5a:	Percentage of newly-admitted students registered in first-year level on 1 November with a CLEAR academic standing after one year	48
Indicator 5b:	Graduation rates (MCU methodology).....	49
Indicator 5d:	Percentage of students retained in any year level of same program after one year of study.....	52
Indicator 5e:	Percentage of students retained in any year level of same program after two years of study	53
Indicator 5f:	Percentage of students retained in any year level of same program after three years of study.....	54
Indicator 5g:	Percentage of students retained in any year level irrespective of program after one year of study	55
Indicator 5h:	Percentage of students retained in any year level irrespective of program after two years of study.....	56
Indicator 5i:	Percentage of students retained in any year level irrespective of program after three years of study	57
Indicator 5j:	Retention and graduation rates for students in part-time programs	58
Indicator 5k:	Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after one year of study (CSRDE definition).....	61
Indicator 5l:	Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after two years of study (CSRDE definition).....	62
Indicator 5m:	Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after three years of study (CSRDE definition).....	63
Indicator 5n:	Graduation rates (CSRDE definition).....	64
Indicator 6: Class Size	65
Indicator 6:	Distribution of class sizes.....	66
Indicator 7: Scholarships and Bursaries	65
Indicator 7a:	Scholarships and bursaries: total awards	69
Indicator 7b:	Scholarships and bursaries as a percentage of total operating expenditures	69
Indicator 8: Library and Student Services	65
Indicator 8a:	Library expenditures as a percentage of total operating	

	expenditures.....	69
Indicator 8b:	Library acquisitions as a percentage of library operating expenditures.....	69
Indicator 8c:	Library expenditures per fiscal full-time equivalent student (FFTE).....	69
Indicator 8d:	Student services expenditures per fiscal full-time equivalent student (FFTE).....	69
Indicator 9: Faculty Background		70
Indicator 9a:	Percentage of total faculty with specified highest educational background (October 2009 – October 2018).....	71
Indicator 9a Cont'd:	Percentage of faculty new hires with specified highest educational background (October 2009 – October 2018)	72
Indicator 10: Scholarly, Research and Creative Activity (SRC) Funding		91
Indicator 10:	Externally funded and externally adjudicated number of grants and dollar value of grants per Mode II faculty member and per Mode I faculty member (from 2005/06 to 2017/18)	92
Indicator 10b:	Percentage of faculty with funded SRC activity (2006/07 to 2017/18)	102
Indicator 11: Student to Faculty Ratio		106
Indicator 11:	Ratio of fiscal full-time equivalent enrolment (FFTE) to full-time equivalent faculty (FTE) by program.....	107
	Related Statistics for Indicator 11:	
	Gender balance of total tenured and tenure-track faculty	108
	Gender balance of tenure track new hires.....	110
	New tenure track hires and total [calculation deferred]	
	Total number of tenured or tenure-track faculty [calculation deferred]	
	Total FTE [calculation deferred]	
Indicator 12: SRC Output [calculation deferred]		112
Indicator 13: Teaching-Related Research [calculation deferred]		112
Indicator 14: Graduating Undergraduate Student Satisfaction		113
Indicator 14:	Percentage of graduates who would recommend Ryerson to others; Level of satisfaction with overall quality of education received at Ryerson (Class of 2000- Class of 2018).....	114
Indicator 15: Student Satisfaction [calculation deferred]		121
Indicator 16: Applications to Registrants Ratios (Graduate Studies)		122
Indicator 16:	Graduate Studies: Ratio of applications to registrants.....	123
	Related Statistics for Indicator 16:	
	Headcount	
	Percentage share of headcount	
	Gender	
	Percentage from City of Toronto	
	Percentage from Greater Toronto Area (GTA)	
	Percentage from other municipality in Ontario	
	Percentage from other provinces	
	Percentage subject to international fees	
	Reported for all students in graduate programs (from 2009/10 to 2018/19)	124
Indicator 17: Completion Rates (Graduate Studies)		134
Indicator 17: Master's: Average time to completion (Full time).....		135
Master's: Completion rates (Full time).....		145

Indicator 17:	Master's: Average time to completion (Part time).....	146
	Master's: Completion rates (Part time)	151
Indicator 17:	Doctoral: Average time to completion.....	152
	Doctoral: Completion rates	156
Indicator 18:	Graduate Retention	157
Indicator 18a:	Percentage of students retained in same program after one year of study, for two year full-time Mater's programs	158
Indicator 18b:	Percentage of students retained in any program after one year of study, for two year full-time Master's programs only	159
Indicator 18c:	Percentage of students retained in same program after one year of study for full-time Doctoral programs.....	160
Indicator 18d:	Percentage of students retained in same program after two years of study for full-time Doctoral programs.....	160
Indicator 18e:	Percentage of students retained in same program after three years of study for full-time Doctoral programs.....	161
Indicator 18f:	Percentage of students retained in any program after one year of study for full-time Doctoral programs	161
Indicator 18g:	Percentage of students retained in any program after two years of study for full-time Doctoral programs	162
Indicator 18h:	Percentage of students retained in any program after three years of study for full-time Doctoral programs	162

Progress Indicators and Related Statistics — November 2019

Introduction

This document updates the progress indicators and related statistics to include the most recent available data. It builds upon comments and suggestions that have been received following the presentation of prior editions and supports integrated academic planning at the university, faculty and departmental levels. Table A summarizes the progress indicators and their relationship to the University's strategic priorities: enable greater student engagement and success through exceptional experiences; Increase SRC excellence, intensity and impact; foster an innovation ecosystem; and expand community engagement and city building.

When indicator data are viewed as a time-series, trends across the years can provide Ryerson's academic units with useful contextual information on progress towards achieving planned quality improvements and other objectives. The progress indicators and related statistics are intended to inform the academic planning processes at the university, faculty and departmental levels, and to enhance public accountability. The progress indicators:

1. Provide a focused information base to support planning processes.
2. Improve the University's ability to follow and project trends related to several critical goals and objectives, and enable the evaluation of progress.
3. Enable the University to refocus current information gathering efforts to better satisfy internal information needs.
4. Provide a statistical profile of Ryerson that will inform a broad audience about both who we are and where we are in our academic evolution.

The University Planning Office has developed the progress indicators and related statistics from a wide array of data sources. It determined specific indicator definitions, collected and analysed relevant data, and produced these progress indicators and related statistics in a manner that can also be applied to future years.

The progress indicators and related statistics continue to evolve and it remains the case that some indicators or measures are not available from existing data sources and would need implementation of new data collection to obtain the requisite information annually in a consistent manner. The University Planning Office welcomes comments and suggestions in order that the indicators can be improved as necessary to meet Ryerson's current and future needs.

The statistical data on the following pages supersede those of prior editions. Each indicator includes a brief description, the intended purpose of measurement, comments and issues, calculated data and any applicable related statistics. This edition incorporates the following changes:

Table A: Progress Indicators and Strategic Priorities

Progress Indicators	Page	Indicator May Provide Useful Information For Assessing Progress on the University's Strategic Priorities			
		1. Enable greater student engagement and success through exceptional experiences	2. Increase SRC excellence, intensity and impact	3. Foster an innovation ecosystem	4. Expand community engagement and city building
UNDERGRADUATE					
1. APPLICATIONS & ENTERING AVERAGES	1				
1a Ratio of applications (all choices) to registrants	2	X			
1b Mean entering average of newly-admitted students	3	X			
1c Percentage of newly-admitted students with 80% or higher entering average	4	X			
2. ENROLMENT IN PART-TIME PROGRAMS & CONTINUING EDUCATION	17				
2a Fiscal full-time equivalent enrolment in part-time programs	24				X
2b Registrations in Continuing Education credit and non-credit courses; headcount and fiscal full-time equivalent enrolment in Continuing Education credit courses	24				X
3. GRADUATE EMPLOYMENT RATES	25				
3 Percentage of degree graduates employed in a field closely or somewhat related to field of studies; percentage of degree graduates employed in any field	26	X			
4. EXPERIENTIAL LEARNING	36				
4a Percentage of programs with formal experiential component	37	X		X	X
4b Percentage of students participating in formal experiential activities		X		X	X
5. RETENTION & GRADUATION RATES	47				
5a Percentage of newly-admitted students with CLEAR academic standing after one year	48	X			
5b Graduation rates (MCU methodology)	49	X			
5d Percentage of students retained in same program after one year of study	52	X			
5e Percentage of students retained in same program after two years of study	53	X			
5f Percentage of students retained in same program after three years of study	54	X			
5g Percentage of students retained in any program after one year of study	55	X			
5h Percentage of students retained in any program after two years of study	56	X			
5i Percentage of students retained in any program after three years of study	57	X			
5j Retention and graduation rates for students in part-time programs	58	X			
5k Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after one year of study (CSRDE definition).	61	X			
5l Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after two years of study (CSRDE definition).	62	X			
5m Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after three years of study (CSRDE definition).	63	X			
5n Graduation rates (CSRDE definition).	64	X			
6. CLASS SIZE	65				
6 Distribution of class sizes	66	X			
7. SCHOLARSHIPS & BURSARIES	65				
7a Scholarships and bursaries: total awards	69	X			
7b Scholarships and bursaries: percentage of total operating expenditures	69	X			
8. LIBRARY & STUDENT SERVICES	65				
8a Library expenditures: percentage of total operating expenditures	69	X			
8b Library acquisitions: percentage of library operating expenditures	69	X			
8c Library expenditures: per FFTE	69	X			
8d Student services expenditures: per FFTE	69	X			
9. FACULTY BACKGROUND	70				
9a Percentage of total faculty and new hires by highest education	71		X		
10. SCHOLARLY, RESEARCH AND CREATIVE (SRC) ACTIVITY	91				
10 Externally funded and externally adjudicated number of grants and dollar value of grants per Mode II and Mode I faculty member	92		X		
10b Percentage of faculty with funded SRC activity	102		X		
11. STUDENT TO FACULTY RATIO	106				
11 Ratio of fiscal full-time equivalent enrolment to full-time equivalent faculty	107	X			
12. SRC OUTPUT [calculation deferred]					
13. TEACHING-RELATED RESEARCH [calculation deferred]					
14. GRADUATING UNDERGRADUATE STUDENT SATISFACTION	113				
14 Percentage of graduates who would recommend Ryerson; level of satisfaction with overall quality of education received at Ryerson	114	X			
15. STUDENT SATISFACTION [calculation deferred]					
GRADUATE STUDIES					
16. APPLICATIONS TO REGISTRANTS RATIOS (GRADUATE STUDIES)	122				
16 Ratio of application to registrants	123	X			
17. COMPLETION RATES (GRADUATE STUDIES)	134				
17 Masters Completion rates	135	X			
17 Masters Average time to completion	144	X			
17 Doctoral Completion rates	152	X			
17 Doctoral Average time to completion	156	X			
18. GRADUATE RETENTION	157				
18a Percentage of students retained in same program after one year of study, for two year full-time Master's programs	158	X			
18b Percentage of students retained in any program after one year of study, for two year full-time Master's programs only	159	X			
18c Percentage of students retained in same program after one year of study for full-time Doctoral programs	160	X			
18d Percentage of students retained in same program after two years of study for full-time Doctoral programs	160	X			
18e Percentage of students retained in same program after three years of study for full-time Doctoral programs	161	X			
18f Percentage of students retained in any program after one year of study for full-time Doctoral programs	161	X			
18g Percentage of students retained in any program after two years of study for full-time Doctoral programs	162	X			
18h Percentage of students retained in any program after three years of study for full-time Doctoral programs	162	X			

Indicator 1: Applications and Entering Averages

- a. Ratio of applications (all choices) to registrants.
- b. Mean secondary school average of all incoming first-year students from secondary schools.
- c. Percentage of incoming first-year students from secondary schools with averages of 80% or higher.

Direct Indicator of:

- academically well-qualified student body
- societal need (student demand component)

Related to:

- student academic success
- program quality and success
- quality of student experience

Comments:

These indicators reflect Ryerson's image and profile, and that of its programs, among prospective students.

Related statistics:

- percentage of applicants who are from Ontario secondary schools; from other universities; from Colleges of Applied Arts and Technology (CAATs)
- gender balance of student body
- percentage of students from outside the GTA; from other provinces; international.

Issues:

In the case of Indicator 1a, data limitations do not permit calculation of qualified applicants as distinct from those who lack admission qualifications. For example, in some cases applications are withdrawn by students before they are assessed for qualifications. It is also true that some qualified applicants do not intend to attend Ryerson if accepted by another institution. As a result, total applications are shown instead of qualified applications.

Indicator 1a

Notes

1. Based on OUAC data files.
2. Applicants are able to submit more than three applications if they choose; all applications are shown in the table.
3. Data limitations do not enable applications to be disaggregated into qualified and unqualified categories (based on whether or not the applicant was found to have met minimum admission requirements for the program(s) to which an application was submitted).
4. The number of registrants used in the calculation is as of 1 November of each year.
5. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 1b										
<i>Reported for full-time, first-entry programs only</i>	Mean entering average of newly-admitted students registered in first-year level on 1 November who were admitted directly from an Ontario secondary school

Notes

1. Based on (a) Ryerson's student information system and (b) OUAC data files.
2. Includes only newly-admitted students in first-year level on 1 November.
3. Students applying directly from secondary school complete the OUAC 101 Application Form and are also referred to as 101s.
4. Entering averages for individual students are unrounded and expressed to one decimal place. Students for whom an entering average was unavailable are excluded from the calculation.
5. "n/a" denotes that a program or faculty did not exist for a given year.
6. Midwifery has no year 1 intakes from high school

Indicator 1c	Percentage of newly-admitted students registered in first-year level on 1 November who were admitted directly from an Ontario secondary school with an entering average of 80% or higher

Notes

1. Based on (a) Ryerson's student information system and (b) OUAC data files.
2. Zero values are shown as blanks.
3. Students from Ontario secondary schools are synonymous with OUAC 101s.
4. "n/a" denotes that a program or faculty did not exist for a given year.
5. Midwifery has no year 1 intakes from high school

2. Zero values are shown as blanks.
3. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 2: Enrolment in Part-time Programs and Chang School <i>a. Number of FFTE in part-time programs.</i> <i>b. Total Chang School of Continuing Education registrations in credit courses.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • accessibility • provision of continuous learning • role of part-time programs in providing continuous learning opportunities 	<ul style="list-style-type: none"> • student learning experience
Comments: Trend lines for these variables must be interpreted carefully in light of external circumstances, particularly prevailing economic conditions that influence Chang School and part-time program enrolments.	
Related Statistics: <ul style="list-style-type: none"> • Gender balance of CNED student body

Notes

1. Based on Ryerson's student information system.
2. All Spring/Summer term enrolment is attributed to the part-time program in cases where a program is offered on both a full- and part-time basis.
3. Excludes Continuing Education students.
4. Faculty of Communication & Design and Faculty of Engineering and Architectural Science has no part-time programs.
5. Starting in 2009/10 Business Mgt students with three or more courses were automatically enrolled in the full-time version of a program. This accounts for the decrease in FFTEs over the previous year.
6. "... " denotes entries that are not shown at the program level but which are used at the faculty level and higher.
7. Cells with "n/a" indicate the program did not exist.

Notes

1. Based on Ryerson's student information system.
2. The Faculty of Communication & Design and the Faculty of Engineering & Architecture have no part-time programs.
3. The headcounts of new registrants in part-time programs include students who have enrolled in previous academic terms as Continuing Education students, but excludes students transferring to a part-time program from a full-time program.
4. "... " denotes entries that are not shown at the program level but which are used at the faculty level and higher.
5. Cells with "n/a" indicate the program did not exist.

Notes

1. Based on Ryerson's student information system.

Indicator 3: Graduate Employment Rates <i>Graduate employment placement rates in the chosen field or a related field.</i>	
Direct Indicator of:	Related to:
• societal need (employment)	• currency and relevance of curriculum
Comments: One of several indirect measures of program success, and one which we are currently required to report to the Ministry. Because of our applied mandate, to measure placement rates without reference to the student's chosen career field is inadequate. This variable must also be interpreted in light of economic trends.	
Issues: This indicator is based on survey data and therefore must be interpreted carefully in light of the associated estimated error of the survey results at each level of disaggregation. The underlying survey is administered to graduates from degree programs only.	

Indicator 3		Of those employed, percentage in a field closely or somewhat related to field of studies				Percentage of degree graduates employed in any field

Notes

1. Based on disaggregation of MAESD Key Performance Indicator data: graduate survey.
2. Column headed "+/- Error" estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval 19 times out of 20 but is not shown for instances where the employment rate in the sample is 100%. For example, between 84.3% and 89.3% of graduates from Ryerson's Class of 2006 found work in a field either closely or somewhat related to their field of studies two years after graduation.
3. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.

Notes

1. Based on disaggregation of MAESD Key Performance Indicator data: graduate survey.
2. Programs are excluded from the table when no students respond to the survey.
3. Column headed +/- Error estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the employment rate in the sample is 100%. For example, between 86.8% & 89.8% of graduates from Ryerson's Class of 2009 found work in a field either closely or somewhat related to their field of studies two years after graduation.
4. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.
5. Excludes diploma programs because the underlying questionnaire was administered to degree graduates only.
6. "n/a" indicates that no graduates responded to the survey.

Notes

1. Based on disaggregation of MAESD Key Performance Indicator data: graduate survey.
2. Programs are excluded from the table when no students respond to the survey.
3. Column headed +/- Error estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the employment rate in the sample is 100%. For example, between 87.0% and 90.0% of graduates from Ryerson's Class of 2010 found work in a field either closely or somewhat related to their field of studies two years after graduation.
4. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.
5. Excludes diploma programs because the underlying questionnaire was administered to degree graduates only.
6. "n/a" indicates that no graduates responded to the survey.

Notes

1. Based on disaggregation of MAESD Key Performance Indicator data: graduate survey.
2. Programs are excluded from the table when no students respond to the survey.
3. Column headed +/- Error estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the employment rate in the sample is 100%. For example, between 80.0% and 83.5% of graduates from Ryerson's Class of 2012 found work in a field either closely or somewhat related to their field of studies two years after graduation.
4. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.
5. Excludes diploma programs because the underlying questionnaire was administered to degree graduates only.
6. "n/a" indicates that no graduates responded to the survey.

Notes

1. Based on disaggregation of MCU Key Performance Indicator data: graduate survey.
2. Programs are excluded from the table when no students respond to the survey. A cell with "..." indicates that five or less students responded to the survey and the results are not shown.
3. Column headed +/- Error estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the employment rate in the sample is 100%. For example, between 92.1% and 93.9% of graduates from Ryerson's Class of 2014 found work in a field either closely or somewhat related to their field of studies two years after graduation.
4. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.
5. Excludes diploma programs because the underlying questionnaire was administered to degree graduates only.

Notes

1. Based on disaggregation of MCU Key Performance Indicator data: graduate survey.
2. Programs are excluded from the table when no students respond to the survey. A cell with "..." indicates that five or less students responded to the survey and the results are not shown.
3. Column headed +/- Error estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the employment rate in the sample is 100%. For example, between 76.7% and 80.5% of graduates from Ryerson's Class of 2016 found work in a field either closely or somewhat related to their field of studies two years after graduation.
4. Graduates who were not part of the labour force (e.g., enrolled in graduate school) are excluded from the calculation.
5. Excludes diploma programs because the underlying questionnaire was administered to degree graduates only.

<p>Indicator 4: Experiential Learning <i>a. Percentage of programs with formal experiential component, including co-op, internship, work/field/clinical placement.</i> <i>b. Percentage of students participating in such activities in a given year.</i></p>	
<p>Direct Indicator of:</p> <ul style="list-style-type: none"> • currency and relevance of curriculum 	<p>Related to:</p> <ul style="list-style-type: none"> • quality of student experience • societal need (industry/professional component)
<p>Comments: This indicator bears upon Ryerson's commitment to provide a high level of applied, experiential learning.</p>	
<p>Related Statistic: Percentage of programs that provide opportunity for international experience, and number of students participating in international activities in a given year.</p>	
<p>Issues: Calculation of Indicator 4b has been deferred. Current data sources do not provide adequate information on the extent of the experiential component on a student-by-student basis. Indicator 4a provides similar information by classifying programs of study but there is variation in the definition of the experiential component across programs. New data collection would be required to obtain data on the numbers of students participating in international activities (or having an opportunity to participate).</p>

Notes

1. Based on Ryerson Calendar and supplementary information from the Office of Co-operative Education
2. There is variation in the definition of the experiential components across programs.
3. Nutrition & Food program students must complete a two-year internship after graduation in order to qualify for admission to the College of Dietitians of Ontario.

Indicator 5: Retention and Graduation Rates

- a. *Percentage of students admitted into first year who complete first year with a CLEAR academic standing.*
- b. *Graduation rates (MCU methodology).*
- d. *Percentage of students retained in any year level of same program after one year of study.*
- e. *Percentage of students retained in any year level of same program after two years of study.*
- f. *Percentage of students retained in any year level of same program after three years of study.*
- g. *Percentage of students retained in any year level irrespective of program of study after one year of study.*
- h. *Percentage of students retained in any year level irrespective of program of study after two years of study.*
- i. *Percentage of students retained in any year level irrespective of program of study after three years of study.*
- j. *Retention and graduation rates for students in part-time programs.*
- k. *Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after one year of study (CSRDE definition).*
- l. *Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after two years of study (CSRDE definition).*
- m. *Percentage of baccalaureate-seeking new students admitted directly from secondary school retained in any year level of any program after three years of study (CSRDE definition).*
- n. *Percentage of baccalaureate-seeking new students admitted directly from secondary school who graduated within six years (CSRDE definition).*

Direct Indicator of:

- student academic success

Related to:

- student support systems and services
- curriculum, teaching, and course delivery
- academically well-qualified students

Comments:

These indicators help to gauge the level of student academic success and rates of progression through the program. It can be affected by academic promotion policy and other factors. The method of calculation for Indicators 5k to 5n follows that developed by the Consortium for Student Retention Data Exchange (CSRDE) and is widely used in North America.

Indicator 5a	Percentage of newly admitted students registered in first-year level on 1 November with a CLEAR academic standing after one year

Notes

1. Based on Ryerson's student information system data.
2. The percentages shown above are calculated by dividing the number of newly admitted year 1 students who had a CLEAR standing at the end of winter term by the total number of newly admitted year 1 students. For example, in Fall 2017 there were 7,970 students who were new to Ryerson and in year 1. Of these, 6,081 (or 85.3%) had a CLEAR standing at the end of the 2017/18 academic year. (This method is different than that used in editions of the Progress Indicators previous to 2010. Students who did not have an academic standing at the end of the year were previously excluded from the calculation. An academic standing is not calculated for students with fewer than three completed graded courses.)
3. Zero values are shown as blanks. Blank cells are the result of cohorts with a very small number of students. Cells with "n/a" indicate faculties/programs that were either discontinued or had yet to begin.
4. As a result of policy changes beginning in Fall 2008, new year one students can no longer be suspended automatically at the end of the Fall term. Previously these students not have been eligible for CLEAR standing at the end of the Winter 2009 term. This accounts for a significant increase in the percentage of students having a CLEAR standing at the end of the 2008-09 academic year.

Notes

1. Data are shown for 10 cohorts of students dating from Fall 2008 to Fall 2017.
2. A student is included in the cohort if registered with a full-time load in the academic term (shown on line marked "Cohort:"). Students who are not newly admitted or not in first-year are excluded.
3. The table shows the percentage of students who registered (irrespective of course load) in the same program in the Fall academic term one year(s) later (identified on the line marked "Retained in:"). For example, 80.0% of newly-admitted students registered with a full-time load in first-year at Ryerson in Fall 2008 were registered in the same program one year(s) later in Fall 2009.
4. For co-op programs with a fall work term, the winter term has been substituted when making the retention calculation.
5. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 5e

Notes

1. Data are shown for 10 cohorts of students dating from Fall 2006 to Fall 2015.
2. A student is included in the cohort if registered with a full-time load in the academic term (shown on line marked "Cohort:"). Students who are not newly admitted or not in first-year are excluded.
3. The table shows the percentage of students who registered (irrespective of course load) in the same program in the Fall academic term three year(s) later (identified on the line marked "Retained in:"). For example, 71.3% of newly-admitted students registered with a full-time load in first-year at Ryerson in Fall 2006 were registered in the same program three year(s) later in Fall 2009.
4. For co-op programs with a fall work term, the winter term has been substituted when making the retention calculation.
5. "n/a" denotes that a program or faculty did not exist for a given year.

Notes

1. Data are shown for 10 cohorts of students dating from Fall 2007 to Fall 2016.
2. A student is included in the cohort if registered with a full-time load in the academic term (shown on line marked "Cohort:"). Students who are not newly admitted or not in first-year are excluded.
3. The table shows the percentage of students who registered (irrespective of course load) in any program in the Fall academic term two year(s) later (identified on the line marked "Retained in:"). For example, 79.4% of newly-admitted students registered with a full-time load in first-year at Ryerson in Fall 2007 were registered in any program two year(s) later in Fall 2009.
4. For co-op programs with a fall work term, the winter term has been substituted when making the retention calculation.
5. "n/a" denotes that a program or faculty did not exist for a given year.

Notes

1. Data are shown for 10 cohorts of students dating from Fall 2006 to Fall 2015.
2. A student is included in the cohort if registered with a full-time load in the academic term (shown on line marked "Cohort:"). Students who are not newly admitted or not in first-year are excluded.
3. The table shows the percentage of students who registered (irrespective of course load) in any program in the Fall academic term three year(s) later (identified on the line marked "Retained in:"). For example, 76.6% of newly-admitted students registered with a full-time load in first-year at Ryerson in Fall 2006 were registered in any program three year(s) later in Fall 2009.
4. For co-op programs with a fall work term, the winter term has been substituted when making the retention calculation.
5. "n/a" denotes that a program or faculty did not exist for a given year.

Notes

1. Data are shown for ten cohorts of students from 2008/09 to 2017/18
2. The headcounts of new registrants in part-time programs include students who have enrolled in previous academic terms as Continuing Education students, but exclude students transferring to a part-time program from a full-time program.
3. The table shows the percentage of students who registered (irrespective of course load) in any term one academic years later, identified on the line "Retained in:". For example, 82.9% of newly-admitted students registered in a part-time program at Ryerson in the academic year 2008/09 were registered in the 2009/10 academic year.
5. Students who graduated after one year of study have been removed from the cohort so as to accurately reflect the retention rates.
6. Cells with "n/a" indicate that either a program or faculty did not exist for a given year or that no new students were admitted that year.

Notes

1. Data are shown for ten cohorts of students from 2007/08 to 2016/17
2. The headcounts of new registrants in part-time programs include students who have enrolled in previous academic terms as Continuing Education students, but exclude students transferring to a part-time program from a full-time program.
3. The table shows the percentage of students who registered (irrespective of course load) in any term two academic years later, identified on the line "Retained in:". For example, 67.0% of newly-admitted students registered in a part-time program at Ryerson in the academic year 2007/08 were registered in the 2009/10 academic year.
5. Students who graduated after two years of study have been removed from the cohort so as to accurately reflect the retention rates.
6. Cells with "n/a" indicate that either a program did not exist for a given year or that no new students were admitted that year.

Notes

1. Data are shown for ten cohorts of students from 2003/04 to 2012/13.
2. The headcounts of new registrants in part-time programs include students who have enrolled in previous academic terms as Continuing Education students, but exclude students transferring to a part-time program from a full-time program.
3. Only students that received a Bachelor's degree are counted as graduated (certificate graduates are not included).
4. For example, 52.4% of newly-admitted students registered in a part-time program at Ryerson in the academic year 2003/04 had graduated by the end of the 2009/10 academic year.
5. Students who graduated after six years of study have been removed from the cohort so as to accurately reflect the retention rates.
6. Cells with "n/a" indicate that either a program did not exist for a given year or that no new students were admitted that year.

Indicator 5k

Notes

1. A student is included in the cohort if newly admitted from a secondary school into first year and registered with a full-time load in the academic term marked Cohort. Students who are not newly admitted or not in first year are excluded.
2. The table shows the percentage of students who registered (irrespective of course load) in the Fall academic term identified on the line marked Retained in. For example, 89.3% of students newly admitted from a secondary school into first year on a full-time load at Ryerson in Fall 2017 were registered one year(s) later in Fall 2018.
3. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 5I		Percentage of baccalaureate-seeking new students admitted directly from secondary school and retained in any program after two years of study (CSRDE Definition)

Notes

1. A student is included in the cohort if newly admitted from a secondary school into first year and registered with a full-time load in the academic term marked Cohort. Students who are not newly admitted or not in first year are excluded.
2. The table shows the percentage of students who registered (irrespective of course load) in the Fall academic term identified on the line marked Retained in. For example, 83.9% of students newly admitted from a secondary school into first year on a full-time load at Ryerson in Fall 2016 were registered two year(s) later in Fall 2018.
3. "n/a" denotes that a program or faculty did not exist for a given year.

Notes

1. A student is included in the cohort if newly admitted from a secondary school into first year and registered with a full-time load in the academic term marked Cohort. Students who are not newly admitted or not in first year are excluded.
2. The table shows the percentage of students who registered (irrespective of course load) in the Fall academic term identified on the line marked Retained in. For example, 82.2% of students newly admitted from a secondary school into first year on a full-time load at Ryerson in Fall 2015 were registered three year(s) later in Fall 2018.
3. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 5n											
<i>Reported for four-year, full-time, first-entry programs only</i>	Percentage of baccalaureate-seeking new students admitted directly from secondary school who graduated within six years (CSRDE Definition)

Notes

1. A student is included in the cohort if newly admitted from a secondary school into first year and registered with a full-time load in the academic term marked Cohort. Students who are not newly admitted or not in first year are excluded.
2. This table indicates that, for example, 72.7% of students newly admitted from secondary school in Fall 2012 into first year and on a full-time load at Ryerson graduated within six years.
3. "n/a" denotes that a program or faculty did not exist for a given year.

Indicator 6: Class Size <i>Distribution of class sizes.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • student-faculty interaction • course delivery 	<ul style="list-style-type: none"> • high quality student experience
Comments: While the relationship between class size and academic success is an item of some controversy, the percentage of classes and sections in different size ranges provides useful information about the nature of student-faculty interaction at Ryerson.	

Indicator 7: Scholarships and Bursaries <i>a. Scholarships and bursaries: total awards.</i> <i>b. Scholarships and bursaries: percentage of total operating expenditures.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • objective of reducing financial barriers and maintaining accessibility • academically well-qualified students 	<ul style="list-style-type: none"> • student support systems and services

Indicator 8: Library and Student Services <i>a. Library expenditures as a percentage of total operating expenditures.</i> <i>b. Library acquisitions as a percentage of library operating expenditures.</i> <i>c. Library expenditures in dollars per FFTE.</i> <i>d. Student services expenditures in dollars per FFTE.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • student support systems and services • learning support facilities 	<ul style="list-style-type: none"> • program quality and success • student academic success
Comments: Various ways of assessing aspects of our learning supports and resources.

* For some Fall 2018 classes the classification of course components into sections and subsections has changed. This results in a greater number of subsections compared to prior years.

Indicator 7

Indicator 7a: Scholarships and bursaries: total awards

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	\$23,105,842	\$26,671,000	\$30,910,000	\$30,461,000	\$34,831,000	\$36,929,000	\$36,483,000	\$39,839,000	\$41,500,000	\$43,949,000

7b: Scholarships and bursaries as a percentage of total operating expenditures

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	6.7%	7.0%	7.5%	7.1%	7.7%	7.5%	7.0%	7.2%	7.2%	7.0%

Indicator 8

8a: Library expenditures as a percentage of total operating expenditures

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	3.5%	3.3%	3.2%	3.4%	3.1%	2.8%	3.2%	2.8%	3.0%	2.9%

8b: Library acquisitions as a percentage of library operating expenditures

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	36.1%	33.5%	34.4%	36.0%	34.9%	36.9%	34.3%	42.3%	34.6%	33.0%

8c: Library expenditures per fiscal full-time equivalent student (FFTE)

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	\$440	\$447	\$449	\$477	\$438	\$406	\$472	\$425	\$464	\$485

8d: Student Services expenditures per fiscal full-time equivalent student (FFTE)

	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19
Ryerson	\$977	\$932	\$1,140	\$1,251	\$1,193	\$1,044	\$1,353	\$1,502	\$1,479	\$1,338

Note

1. Uses identical methodology as that for Maclean's Survey of Canadian Universities.

<p>Indicator 9: Faculty Background</p> <p>a. <i>Percentage of total faculty and percentage of new hires with PhD or other terminal degree.</i></p> <p>b. <i>Percentage of new hires with directly related experience in the professional field.</i></p>	
<p>Direct Indicator of:</p> <ul style="list-style-type: none"> ♦ objective to attract and retain highly qualified faculty 	<p>Related to:</p> <ul style="list-style-type: none"> ♦ scholarly, research and creative (SRC) capacity and productivity ♦ program quality and success ♦ quality of the student experience
<p>Comments:</p> <p>Indicates our level of progress in hiring faculty both with typical university-level academic qualifications and with the professionally-related experience so important to Ryerson's mission.</p>	
<p>Issues:</p> <p>Indicator 9a shows the highest educational background by type of credential for total faculty and new hires as two tables on separate pages. Calculation of Indicator 9b has been deferred because new data collection would be required to measure directly-related experience in the professional field on a consistent basis.</p>

Notes

1. Based on Human Resources data and supplementary information.
2. Includes hires between October 2, 2010 and October 1, 2011.
3. Departments in which there were no new hires during the above period are excluded.
4. Zero values are shown as blanks.
5. Faculty members with a Bachelor of Law degree are counted in the Bachelor's column.

Notes

1. Based on Human Resources data and supplementary information.
2. Includes hires between October 2, 2017 and October 1, 2018.
3. Departments in which there were no new hires during the period above are excluded.
4. Zero values are shown as blanks.
5. Faculty members with a Bachelor of Law degree are counted in the Bachelor's column.

Indicator 10: Scholarly, Research and Creative Activities (SRC) Funding	
<i>a. Total number and value of externally funded SRC projects.</i> <i>b. Percentage of faculty with funded SRC activity.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • SRC capacity and productivity 	<ul style="list-style-type: none"> • objective to attract and retain qualified faculty
Comments:	
<p>Provides an indication of both competitiveness in SRC grant competitions and the breadth of SRC activity within Ryerson.</p>	
Issues:	
<p>For externally adjudicated and externally funded grants, indicators showing the number of grants per Mode II faculty member, the dollar value of grants per Mode II faculty member, the number of grants per Mode I faculty member and the dollar value of grants per Mode I faculty member have been constructed. It should be noted that indicators for Mode I faculty members have been included because Mode I faculty do undertake SRC activity and their exclusion would result in an incomplete profile. However, SRC is not a requirement for Mode I faculty members. Calculation of Indicator 10b has been deferred.</p>	

Indicator 10						
	Externally funded and externally adjudicated Number of grants and dollar amount of grants per Mode II faculty member and per Mode I faculty member					
	Mode II		Mode I		Mode II and Mode I	
	2009/10 Number of grants per faculty member	2009/10 Dollar value of grants per faculty member	2009/10 Number of grants per faculty member	2009/10 Dollar value of grants per faculty member	2009/10 Number of grants per faculty member	2009/10 Dollar value of grants per faculty member

Notes

1. Based on background and supplementary data from the Office of the Vice-President Research & Innovation.
2. Cells with "n/a" indicate that there were no Mode I faculty in that teaching department.
3. Grants included are those for which adjudication and funding are external to Ryerson.
4. Includes grants from the federal granting agencies: Social Sciences and Humanities Research Council of Canada (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council of Canada (NSERC), Communications Research Centre Canada (CRC), Canada Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
5. Includes grants from the provincial granting agencies: Ontario Centres of Excellence (OCE).
6. Includes both federal and provincial government contracts and grants.
7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.

Notes

1. Based on background and supplementary data from the Office of the Vice-President Research & Innovation.
2. Cells with "n/a" indicate that there were no Mode I faculty in that teaching department.
3. Grants included are those for which adjudication and funding are external to Ryerson.
4. Includes grants from the federal granting agencies: Social Sciences and Humanities Research Council of Canada (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council of Canada (NSERC), Communications Research Centre Canada (CRC), Canada Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
5. Includes grants from the provincial granting agencies: Ontario Centres of Excellence (OCE).
6. Includes both federal and provincial government contracts and grants.
7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.

Indicator 10

Notes

1. Based on background and supplementary data from the Office of Research Services.
2. Cells with "n/a" indicate that there were no Mode I faculty in that teaching department.
3. Grants included are those for which adjudication and funding are external to Ryerson.
4. Includes grants from the federal granting agencies: Social Sciences and Humanities Research (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council (NSERC), Communications Research Centre Canada (CRC), Canada Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
5. Includes grants from the provincial granting agencies: Ontario Centres of Excellence (OCE).
6. Includes both federal and provincial government contracts and grants.
7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.

Notes

1. Based on background and supplementary data from the Office of the Vice-President Research & Innovation
2. Cells with "n/a" indicate that there were no Mode I faculty in that teaching department.
3. Grants included are those for which adjudication and funding are external to Ryerson.
4. Includes grants from the federal granting agencies: Social Sciences and Humanities Research (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council (NSERC), Communications Research Centre Canada (CRC), Canada Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
5. Includes grants from the provincial granting agencies: Ontario Centres of Excellence (OCE).
6. Includes both federal and provincial government contracts and grants.
7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.
8. Deans have been assigned to their home departments.

Indicator 10b

Notes

1. Based on background and supplementary data from the Office of the Vice-President Research & Innovation.
2. Grants included are those for which adjudication and funding are external to Ryerson.
3. Includes grants from the federal granting agencies: Social Sciences and Humanities Research Council of Canada (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council of Canada (NSERC), Communications Research Centre Canada (CRC), Canadian Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
4. Includes grants from provincial granting agencies: Ontario Centres of Excellence (OCE).
5. Includes both federal and provincial government contracts and grants.
6. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.
7. "n/a" denotes that either the department changed Faculties (Health Services Mgt) or there were no faculty in a given mode.

Notes

1. Based on background and supplementary data from the Office of the Vice-President Research & Innovation.
2. Cells with "n/a" indicate that there were no Mode I faculty in that teaching department.
3. Grants included are those for which adjudication and funding are external to Ryerson.
4. Includes grants from the federal granting agencies: Social Sciences and Humanities Research (SSHRC), Canadian Institutes of Health Research (CIHR), Natural Sciences and Engineering Research Council (NSERC), Communications Research Centre Canada (CRC), Canada Foundation for Innovation (CFI), and grants awarded via federal granting agencies to the Networks of Centres of Excellence (NCE).
5. Includes grants from the provincial granting agency: Ontario Centres of Excellence (OCE).
6. Includes both federal and provincial government contracts and grants.
7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.

7. Includes corporate and business grants and other grants if both adjudication and funding are external to Ryerson.
8. Deans have been assigned to their home departments.

Indicator 11: Student to Faculty Ratio <i>Ratio of total students (FFTE) to total teaching faculty (FTE) with CE excluded from both parts of the calculation.</i>	
Direct Indicator of:	Related to:
<ul style="list-style-type: none"> • quality of student experience 	<ul style="list-style-type: none"> • high quality student-faculty interaction • appropriate course delivery and high quality teaching • SRC capacity and productivity
Comments: A general quantitative indicator of faculty resources	
Related statistics: <ul style="list-style-type: none"> • Gender balance of total tenured and tenure-track teaching faculty and gender balance of new tenure-track hires • New tenure-track hires and total faculty by designated equity hiring groups • Total number of tenured or tenure-track faculty • Total FTE 	
Comments: Calculation of other related statistics (with the exception of gender balance) has been deferred.	

Indicator 11

Notes

1. Student full-time equivalent data from Ryerson's student information system. Faculty data from HR and includes active RFA and CUPE instructors. Deans and Professors of Distinction have been excluded from the faculty counts. Associate Deans have been included.
2. Both undergraduate and graduate degree enrolments included in calculations. All CE students and all teaching by CE to undergraduate degree students has been excluded.
3. Undergraduate FFTE are based on teaching in Fall and Winter terms. Graduate FTE have been converted to undergraduate equivalents (i.e., three terms divided by two).
4. The School of Health Services Management became part of the Ted Rogers School of Management in 2011/12.

Notes

1. Based on data from Ryerson's Human Resources Department.
2. Includes tenure track faculty assigned to teaching departments hired between 1 October and 30 September (Deans are excluded).
3. In 2011 Health Services Mgt changed from the Faculty of Community Services to the Ted Rogers School of Mgt.

Notes

1. Based on data from Ryerson's Human Resources Department.
2. Includes tenure track faculty assigned to teaching departments hired between 1 October and 30 September (Deans are excluded).
3. In 2011 Health Services Mgt changed from the Faculty of Community Services to the Ted Rogers School of Mgt.
4. The Faculty of Science was newly created in June 2012. Previously the departments within this faculty were in the Faculty of Engineering, Architecture & Science.

<p>Indicator 12: Scholarly, Research and Creative Activities (SRC) Output</p> <p>a. Number of faculty with peer-reviewed publications (papers, monographs, chapters), and total number of peer reviewed publications.</p> <p>b. Number of juried exhibits/installations, or performed/produced creative works, per faculty member in relevant schools/departments.</p> <p>c. Number of faculty with non peer-reviewed, academically related publications, and total number of such publications.</p>	
<p>Direct Indicator of:</p> <ul style="list-style-type: none"> • SRC capacity and productivity 	<p>Related to:</p> <ul style="list-style-type: none"> • objective of attracting highly qualified faculty
<p>Comments:</p> <p>These indicators augment conventional university research measures in order to reflect Ryerson's SRC philosophy. These require new means of assembling information and are not yet in place.</p>	
<p>Issues:</p> <p>Calculation deferred. The types of indicators envisaged in this section are highly time-intensive if these are to be calculated on a consistent basis across the University.</p>	

<p>Indicator 13: Teaching-related Research</p> <p>Number of faculty who have published teaching-related research or presented teaching-related conference papers in the past three years.</p>	
<p>Direct Indicator of:</p> <ul style="list-style-type: none"> • commitment to quality teaching • SRC productivity • conduct SRC to the benefit of students 	<p>Related to:</p> <ul style="list-style-type: none"> • curriculum and course delivery
<p>Comments:</p> <p>A particular type of SRC focussed on pedagogical innovation and enhancement.</p>	
<p>Issues:</p> <p>Calculation deferred. The data necessary are not presently collected.</p>	

Indicator 14: Graduating Undergraduate Student Satisfaction

Graduating student survey: Percentage of undergraduate students indicating “satisfied” or “very satisfied” with:

- a. teaching*
- b. curriculum*
- c. career preparation*
- d. Ryerson as a whole*

Direct Indicator of:

- graduating student satisfaction in each of the specified areas

Related to:

- quality of the student experience
- program quality and success
- student support systems and services

Comments:

Extracted from the existing annual survey of graduating students.

Issues:

The survey of graduating undergraduate students is conducted as part of Ryerson’s participation in the Canadian Undergraduate Survey Consortium (CUSC). The extent of overlap between Indicators 14 and 15 is under review.

Notes

1. Based on Ryerson data from Canadian Undergraduate Survey Consortium, Survey of Graduating Students 2000.
2. Percentages for each question do not sum to 100 percent because "not stated" responses are not shown.
3. Column headed "Respondents" shows the number of students who completed the questionnaire.
4. The Landscape Architecture diploma program has been phased-out.
5. Reported for students who applied to graduate from full-time programs.
6. Column headed "+/- Error" estimates the magnitude of error (including finite population correction f.p.c.) associated with each survey result shown in the "Yes" column. The actual value for the population is estimated to fall within this interval 19 times out of 20 but is not shown for instances where the rate in the sample is 100%. For example, between 84.9 and 87.3 of students who applied to graduate would recommend Ryerson to others.

Notes

1. Based on Ryerson data from Canadian Undergraduate Survey Consortium, Survey of Graduating Students 2003.
2. Percentages for each question do not sum to 100 percent because "not stated" responses are not shown.
3. Column headed "Respondents" shows the number of students who completed the questionnaire.
4. Reported for students who applied to graduate from full-time programs.
5. Column headed "+/- Error" estimates the magnitude of error associated with each survey result shown in the "Yes" column. The actual value for the population is estimated to fall within this interval 19 times out of 20 but is not shown for instances where the rate in the sample is 100%. For example, between 82.5 and 85.1 of students who applied to graduate would recommend Ryerson to others.

Notes

1. Based on Ryerson data from Canadian Undergraduate Survey Consortium, Survey of Graduating Students 2015.
2. Column headed "Respondents" shows the number of students who completed the questionnaire.
3. Reported for full-time programs.
4. Column headed "+/- Error" estimates the magnitude of error associated with each survey result shown in the "yes" column. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the rate in the sample is 100%. For example, between 83.7% and 86.5% of students who applied to graduate would recommend Ryerson to others.

Notes

1. Based on Ryerson data from Canadian Undergraduate Survey Consortium, Survey of Graduating Students 2018.
2. Column headed "Respondents" shows the number of students who completed the questionnaire.
3. Reported for full-time programs.
4. Column headed "+/- Error" estimates the magnitude of error associated with each survey result shown in the "yes" column. The actual value for the population is estimated to fall within this interval nineteen times out of twenty but is not shown for instances where the rate in the sample is 100%. For example, between 79.5% and 82.7% of students who applied to graduate would recommend Ryerson to others.

Indicator 15: Student Satisfaction

Student Survey: % indicating “satisfied” or “very satisfied” with (for illustrative purpose only; see comment below) :

- a. teaching*
- b. curriculum*
- c. career preparation*
- d. Ryerson as a whole*

Direct Indicator of:

- student satisfaction in each of the specified areas

Related to:

- quality of the student experience
- program quality and success student support systems and services

Comments:

The extent of overlap between Indicators 14 and 15 is under review.

Indicator 16: Applications to Registrants Ratios (Graduate Studies)	
<i>Direct Indicator of:</i>	<i>Related to:</i>
<ul style="list-style-type: none"> • academically well-qualified student body • societal need (student demand component) 	<ul style="list-style-type: none"> • student academic success • program quality and success • quality of student experience
<p><i>Comments:</i> This indicator reflects Ryerson’s image and profile, and that of its graduate programs, among prospective students.</p>	
<p><i>Related statistics:</i></p> <ul style="list-style-type: none"> • Gender balance of student body • Percentage of students from outside the GTA; from other provinces; international

Indicator 17: Completion Rates (Graduate Studies)

- a. *Completion rates after one, two, three and four years of study for full-time Master's programs.*
- b. *Completion rates after four, five, six and seven years of study for part-time Master's programs.*
- c. *Average time to completion for both full- and part-time programs.*
- d. *Completion rates for Doctoral Programs.*
- e. *Average time to completion for Doctoral Programs.*

Direct Indicator of:

- student academic success

Related to:

- student support systems and services
- curriculum, teaching, and course delivery
- academically well-qualified students

Comments:

This indicator helps to gauge the rates of progression through the program and can be affected by academic promotion policy and other factors.

Indicator 17									
Graduate Studies: Completion rates after one, two, three, and four years of study for students entering in Fall 2007									
Reported for students who entered in Fall 2007 into full-time graduate programs									
	2007 Cohort	Completers in 2008 from 2007 Cohort	Completers in 2009 from 2007 Cohort	Completers in 2010 from 2007 Cohort	Completers in 2011 from 2007 Cohort	Completion Rate after One Year(s)	Completion Rate after Two Year(s)	Completion Rate after Three Year(s)	Completion Rate after Four Year(s)

Indicator 18: Graduate Retention

- a. *Percentage of students retained in same program after one year of study for two year full-time Master's programs.*
- b. *Percentage of students retained in any program after one year of study for two year full-time Master's programs.*
- c. *Percentage of students retained in same program after one year of study for full-time Doctoral programs.*
- d. *Percentage of students retained in same program after two years of study for full-time Doctoral programs.*
- e. *Percentage of students retained in same program after three years of study for full-time Doctoral programs.*
- f. *Percentage of students retained in any program after one year of study for full-time Doctoral programs*
- g. *Percentage of students retained in any program after two years of study for full-time Doctoral programs.*
- h. *Percentage of students retained in any program after three years of study for full-time Doctoral programs.*

Direct Indicator of:

- student academic success

Related to:

- student support systems and services
- curriculum, teaching, and course delivery
- academically well-qualified students

Comments:

These indicators help to gauge the level of student academic success and rates of progression through the program. It can be affected by academic promotion policy and other factors.

Indicator 18a

Notes

1. Based on Ryerson student information system data.

2. A student is included in the cohort the first fall term they enrol as a full-time Master's student at Ryerson. Students who switch programs are included only in the program to which they were admitted initially.

93.0% of newly-admitted students registered at Ryerson in Fall 2008 were registered in the same program one year later in 2009/10.

Notes

1. Based on Ryerson student information system data.
2. A student is included in the cohort the first fall term they enrol as a full-time Master's student at Ryerson. Students who switch programs are not included in two cohorts.
3. The table shows the percentage of students who registered in the same Master's program one year later. (identified on the line marked "Retained in:"). For example, 93.2% of newly-admitted students registered at Ryerson in Fall 2008 were registered in any Master's program one year later in 2009/10.

Notes

1. Based on Ryerson student information system data.
2. A student is included in the cohort the first fall term they enrol as a full-time Doctoral student at Ryerson. Students who switch programs are not included in two cohorts.
3. The table shows the percentage of students who registered in any Doctoral program two years later (identified on the line marked "Retained in:"). For example, 92.3% of newly-admitted students registered at Ryerson in Fall 2007 were registered in any program two years later in 2009-10.

Indicator 18h										
<i>Reported for full-time Doctoral programs only</i>	Percentage of students retained in any program after three years of study									
Cohort:	Fall 2006	Fall 2007	Fall 2008	Fall 2009	Fall 2010	Fall 2011	Fall 2012	Fall 2013	Fall 2014	Fall 2015
Retained in:	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19
