## The Youth for Youth Entrepreneurship Digital Media Contest

At Y4E, no dream is too big or too small. We help youth find their entrepreneurial superpower, and how to meet a need. Our aim is to give youth the skills and resources to find the courage to leap into new waters and try something you have always dreamed about doing!

This contest is designed to educate and empower young people to raise awareness on youth entrepreneurship.

To participate in the contest, be between the ages of 18–24 and live in the province of New Brunswick, Ontario or Alberta at the time of participation.
