Events Associate - BPL Events

ISABEL MARIMON

The biggest reason behind achieving an excellent rating is the fact that I genuinely enjoyed the working environment and the roles I held in my position. My boss and co-workers made me feel welcomed and were receptive to my suggestions as an equal. As a result, I felt happy to go to work and to learn more about the inner workings of the events industry.

I contributed to my employer by providing a new perspective. Given since I had never helped plan an event in the past I was able to notice potential drawbacks and suggest solutions that were slightly different from the standard or customary answer.
