

# How to Access/Install Adobe Creative Cloud Applications

- All users must use the Ryerson.ca version of their email address (ie: user\_id@ryerson.ca)
- All Creative School affiliates (students/faculty/staff) are subscribed to Adobe Creative Cloud application licenses automatically.
- If you already have installed any Adobe applications through a **personal subscription or Trial installations**, please Sign out and Sign In again with your TMU credentials. If this does not work, you have to uninstall your current installations and reinstall per instructions below.
- Make sure that you have your Microsoft Multi Factor Authentication (MFA) is enabled on your TMU account before you go through step 1.
