

<p>Indicator 1: Applications and Entering Averages (Year 1 New)</p> <p>a. Ratio of applications (all choices) to registrants.</p> <p>b. Mean secondary school average of all incoming first-year students from secondary schools.</p> <p>c. Percentage of incoming first-year students from secondary schools with averages of 80% or higher.</p>	
<p>Direct Indicator of:</p> <ul style="list-style-type: none"> • academically well-qualified student body • societal need (student demand component) 	<p>Related to:</p> <ul style="list-style-type: none"> • student academic success • program quality and success • quality of student experience
<p>Comments:</p> <p>These indicators reflect Toronto Metropolitan University's image and profile, and that of its programs, among prospective students.</p>	
<p>Related statistics:</p> <ul style="list-style-type: none"> • percentage of applicants who are from Ontario secondary schools; from other universities; from Colleges of Applied Arts and Technology (CAATs) • gender distribution of student body • percentage of students from outside the GTA; from other provinces; international. 	
<p>Issues:</p> <p>In the case of Indicator 1a, data limitations do not permit calculation of qualified applicants as distinct from those who lack admission qualifications. For example, in some cases applications are withdrawn by students before they are assessed for qualifications. It is also true that some qualified applicants do not intend to attend Toronto Metropolitan University if accepted by another institution. As a result, total applications are shown instead of qualified applications.</p>

Notes

1. Based on OUAC data files.
2. Applicants are able to submit more than three applications if they choose; all applications are shown in the table.
3. Data limitations do not enable applications to be disaggregated into qualified and unqualified categories (based on whether or not the applicant was found to have met minimum admission requirements for the program(s) to which an application was submitted).
4. The number of registrants used in the calculation is as of November 1 of each year.
5. "n/a" denotes that a program did not exist for a given year.

Indicator 1b		Mean entering average of newly-admitted students registered in first-year level on November 1 who were admitted directly from an Ontario secondary school

Notes

1. Based on (a) TMU's student information system and (b) OUAC data files.
2. Includes only newly-admitted students in first-year level on November 1.
3. Students applying directly from secondary school complete the OUAC 101 Application Form and are also referred to as 101s.
4. Entering averages for individual students are unrounded and expressed to one decimal place. Students for whom an entering average was unavailable are excluded from the calculation.
5. "n/a" denotes that a program did not exist for a given year.

Indicator 1c

Notes

1. Based on (a) TMU's student information system and (b) OUAC data files.
2. Includes only newly-admitted students in first-year level on November 1.
3. Students applying directly from secondary school complete the OUAC 101 Application Form and are also referred to as 101s.
4. Entering averages for individual students are unrounded and expressed to one decimal place. Students for whom an entering average was unavailable are excluded from the calculation. An entering average of 85.0 or higher is required for inclusion in this table.
5. "n/a" denotes that a program did not exist for a given year.

Notes

1. Based on (a) TMU's student information system and (b) OUAC data files.
2. Zero values are shown as blanks.
3. "n/a" denotes that a program did not exist for a given year.
