

Indicator 10: Scholarly, Research and Creative Activities (SRC) Funding	
<i>a. Total number and value of externally funded SRC projects.</i> <i>b. Percentage of faculty with funded SRC activity.</i>	
Direct Indicator of:	Related to :
<ul style="list-style-type: none"> • SRC capacity and productivity 	<ul style="list-style-type: none"> • objective to attract and retain qualified faculty
Comments : Provides an indication of both competitiveness in SRC grant competitions and the breadth of SRC activity within Toronto Metropolitan University.	
Issues : For externally adjudicated and externally funded grants, indicators showing the number of grants per Mode II faculty member, the dollar value of grants per Mode II faculty member, the number of grants per Mode I faculty member and the dollar value of grants per Mode I faculty member have been constructed. It should be noted that indicators for Mode I faculty members have been included because Mode I faculty do undertake SRC activity and their exclusion would result in an incomplete profile. However, SRC is not a requirement for Mode I faculty members.
