

RYERSON STUDENT HEALTH CERTIFICATE GUIDELINES

INFORMATION FOR STUDENTS

When a student formally requests academic consideration on health grounds, Ryerson University requires that a Health Certificate or letter from an appropriate regulated health professional be submitted to verify and understand the impact(s) of incapacitation on the student's academic functioning.

Why is this information required?

In order for an instructor to consider you eligible for academic consideration for health reasons, a Health Certificate or letter must be submitted to support missed or affected classes, tutorials, practica, labs, assignments, tests or examinations. Submissions are made via the On-line Academic Consideration Request System found at: <https://prod.apps.ccs.ryerson.ca/senateapps/acadconsform>.

For additional information on Ryerson University's Academic Consideration Policy, see [Policy 167: Academic Consideration](#).

Completing this form

This form must be based on a current and thorough assessment from an appropriate regulated health professional qualified to diagnose the condition (e.g. family physician, medical specialist, clinical psychologist, etc.).

If this form cannot be used, you are responsible for assuring that the information requested is contained in a letter supplied by the appropriate regulated health professional. If the document submitted does not contain sufficient information, a new document may be requested. While it is not necessary to give particulars of a diagnosis, the appropriate regulated health professional must attest to the fact that you were unable to perform your academic work on the date(s) indicated on the form.

Even if you do not use the Student Health Certificate, you are still required to either fill out Part A of the Health Certificate, or reproduce the declaration on a separate sheet, and attach it to the appropriate regulated health professional's statement.

Protection of privacy

Privacy and confidentiality will be respected, protected, and maintained throughout the academic consideration process.

In accordance with Section 38(2), 39(3), 41(1) (b, c), 42(d) and 43 of the Freedom of Information and Protection of Privacy Act (FIPPA), the information on this form is collected under the authority of the Ryerson University Act, 1977 and is needed to process your request for academic consideration.
